

# THE LIGHTHOUSE

## THE ULTIMATE MANAGEMENT AND REPORTING COMMUNICATION TOOL

### LIGHTHOUSE FEATURES

- Access your top reports right on the POS system or remotely
- Add, edit or remove menu items, screen categories, modifiers and modifier categories remotely
- Track labor and manage employees remotely
- Online ordering integration
- View statements, chargebacks and deposits
- Utilize the internal messaging system
- View "how-to" demonstration videos and quick reference guides right on the POS system
- Communicate with the technical support department through the live chat feature

The Lighthouse is a management and reporting tool that communicates information between your POS system and our online reporting tool, Harbortouch Online. It eliminates the need for a back-office PC by allowing you to access the information on your POS system from any computer with an Internet connection. The Lighthouse puts you in total control of your business, without being tied to your business!

### ACCESS REPORTS ANYWHERE, ANYTIME

Obtain a top-level view of your business no matter where you are.

- View POS reports such as sales and labor
- View merchant account reports such as processing statements, chargebacks and deposits.
- Enterprise reporting allows you to view data for multiple business locations
- Export data in various common formats

### MANAGE YOUR HARBORTOUCH POS SYSTEM REMOTELY

Update your menu items, screen categories, modifiers, modifier categories and employees remotely

- Add, delete or edit items, categories or employees in real-time
- Quickly and easily change an item's name, description, price or quantity

### ONLINE ORDERING

Enjoy the benefits of a fully integrated online ordering interface

- Custom branded online menu
- Menu changes and updates are automatically synced with your POS system
- Instantly receive online order notifications and/or send orders directly to your receipt or kitchen printer
- Build your customer database for marketing purposes

### EASY ACCESS TO HARBORTOUCH HELP RESOURCES

The Lighthouse offers easy access to Harbortouch support materials directly from your POS system.

- Quickly access how-to videos and quick reference guides
- Live chat with a Harbortouch technician
