

# HARBORTOUCH QSR & DELIVERY

## THE POINT OF SALE SYSTEM THAT WILL REVOLUTIONIZE YOUR BUSINESS FOR FREE!

It has never been easier to take advantage of the benefits of a point of sale (POS) system. Harbortouch offers a full-featured POS system without all the hassle or the high cost. We removed the cost barrier and simplified the process so you can easily transition from your current transaction terminal to a state of the art touch-screen POS system that will streamline your business operations and automate your daily management activities. Harbortouch offers countless time and money saving features that will allow you to focus on what's important: keeping your customers satisfied and spending!

- Accept cash, checks, credit/debit and gift cards directly through your POS system.
- Advanced reporting functionality – Obtain a top-level view of your business while reducing accounting and bookkeeping expenses.
- Customer database – Store customer information and track order history. Supports multiple phone numbers and addresses for one customer record (i.e., cell phone, home phone, business).
- Built-in time clock – Manage employee schedules and productivity. Employees can have numerous jobs with different pay rates.
- Security – Keep your information safe with customizable permissions by job type.
- Onsite installation and exceptional 24/7 in-house support.

### DELIVERY FEATURES

- Driver dispatch – Easily assign drivers to specific orders, view order details and even see how long each order has been waiting.
- Driver control – Send text messages to drivers.
- Reminders – Automated reminders for drivers to include drinks, salads or other items that are sometimes forgotten.
- Delivery charges – Set up different charges by geographic zone.
- Mapping – Advanced mapping functionality for delivery orders allows you to print directions right on the receipt. You can even print directions with multiple stops to efficiently deliver more than one order in a single trip.

### QSR FEATURES

- Caller ID integration – Know everything about the customer before picking up the phone. View each customer's contact information and order history as the call comes in and then assign each call to a new order in a single step.
- Streamlined order entry – Intuitive order screens for quick order taking.
- Discounts – Manually enter discounts or dynamically apply discounts by day, by time, or by service type.
- Split checks – Supports split delivery charges and split credit card payments.
- Visual pizza buttons – When ordering pizza, easily add toppings to the whole pizza or a portion such as a half or quarter

### TABLE & BAR FEATURES

- Section and table layout
- Split checks for payment
- Bar tabs
- Ordering by seat
- Repeat last round
- Tip reporting
